

WELCOME TO THE OCDSB EXTENDED DAY PROGRAM

What is the Extended Day Program (EDP)?

The EDP is a before and after school program offering care for your child at their registered school. Registered Early Child Educators and Early Learning Assistants lead this program and offer a variety of activities based on children's interest and the opportunity to learn through play. Your child will be in familiar surroundings with staff and friends they have been with during the day.

What are the hours of operations:

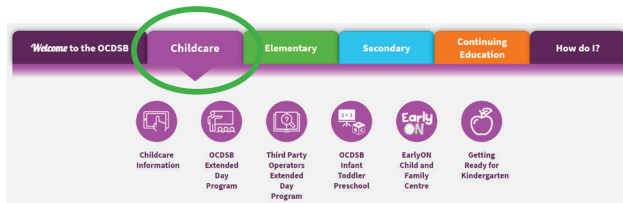

The Extended Day Program operates from 7:00 a.m. to the start of school and from the end of school until 6:00 p.m. Parents may register their child for the morning, afternoon, or for both. The program will run on all instructional teaching days and be available for select professional activity days.

You will also have the option to register for non-instructional days (PA days, select days at the Winter, March and Summer Breaks) may be available and will be done by separate registration. Typically during the Winter, March and Summer Breaks, reduced locations across the district are selected and will run based if we reach sufficient registration.
